

Improve your Accuplacer score on the math placement test.

A woman with dark hair pulled back, wearing a white t-shirt, is smiling and looking directly at the camera. She is positioned in front of a chalkboard background. The chalkboard features several hand-drawn illustrations: a sailboat, a DNA double helix, a puzzle piece, a lightbulb, a magnifying glass, a stack of books, and the mathematical expression $\frac{65}{12}q = (1A + \frac{4}{8}) + (10 + \frac{2}{3}q)$. A speech bubble to the left of the woman contains the text "iPOWERS Math!*". In the top left corner, there is a large "A+" grade. In the top right corner, there is a square root symbol with the number 3 inside, $\sqrt{3}$. In the bottom right corner, the same mathematical expression is repeated: $\frac{65}{12}q = (1A + \frac{4}{8}) + (10 + \frac{2}{3}q)$. In the bottom left corner, there is a logo for "CAMDEN COUNTY COLLEGE" inside a square frame.

Math Placement Prep

Online Assessment & Lesson Plans

The iPOWERS Math Lab offers EdReady, an online tool that will give you practice in the skills you need to perform better in math and on the placement test. You will receive an initial assessment and a customized learning plan.

How do I start?

Contact iPOWERS at Camden County College to receive the EdReady access link.
ipowersmath@camdencc.edu
(856) 227-7200, ext. 4538

Where do I go?

CCC iPOWERS Math Lab

Visit the Blackwood or Camden campuses to take advantage of onsite tutors/proctors who can help you navigate EdReady and work through questions with you. Lab schedules are posted online.
www.camdencc.edu/ipowersmath

Your home computer!

Don't have time to visit the labs? Prefer to work on your own? Access EdReady at your convenience from home.

Save Money, Financial Aid & Time

There is no cost to access EdReady or the iPOWERS math lab. By improving your math skills, you might graduate faster and place into a higher level class, saving you as much as \$1,300.**

Retesting

If you placed into developmental math, your first retest is free after a 2-week waiting period. During that time, contact iPOWERS and get access to this online tool. Bring a screen print of the EdReady target score page to the Testing Center, and they will retest you.

*Funded by the US Department of Education

**Includes tuition, books and fees for both levels of developmental math.
